SUBJECT: Revised Drawings D and Form SP-2

Attached are copies of the above noted revised Standard Plans with revisions as follows:

502.00M Dimensions on the Reinforcing Details have been rearranged for clarity.

606.20G This drawing has been redrawn for clarity with no revisions.

606.21F Revised to include the Anchor Systems listed in the Job Special Provisions.

608.20C Post collars have been deleted and the general notes revised accordingly.

614.10M The holes in the bearing plate are now required to be slots similar to corresponding slots in the grate. The last three weights in the Weight and Dimensions Data have been revised.

806.02A Type III Netting has been changed to Plastic Netting in the title.

902.15D The steel post has been revised to a 6WF15 because the 15.5 pound post is no longer available.

The above revisions are effective with the November, 1986 letting.
