Body

Standard Plans Letter Number 3, 1994 dated December 9, 1994, was issued with revised standards containing multiple sheets printed front and back. From comments received from district personnel the front and back printing has inconvenienced some design personnel using the standards.

As a result, we are enclosing 8.5" x 11" Standard Plans for drawing Numbers 502.00P, 606.00AA, 616.10R, 617.00Z, 903.02Zm and 903.03Q. These Standard Plans are printed on one side only. You may substitute these standards for those printed front and back, if you wish.

We apologize for any inconvenience the front and back printing may have caused.
