

# Design Standards Letter

**Letter Number: P-2009-01**

**Letter Date: 02/27/2009**

**Effective Date: 04/01/2009**

**Section/Plan No.: SEE BELOW**

**Subject: Supplemental Revisions to the Missouri Standard Plans for Highway Construction**

## Body

-----  
The Supplemental Revisions to the *Missouri Standard Plans for Highway Construction*, effective April 1, 2009 are now available. These revisions will be in effect with the April 2009 bid opening.

Questions regarding the Supplemental Revisions to the *Missouri Standard Plans for Highway Construction* should be directed to Brian K. Williams, Central Office, Engineering Policy Group, at 573-751-9254 or myself at 573-751-3813.

## REVISIONS:

**401.00A** Revised to incorporate revisions from the A2 shoulder special sheet, as well as the A3 shoulder design, into the standard plans.

**626.00H** *Sheet 1 of 2* - Relocated the milled rumble strip for 13 ft. pavement structures to the edge of pavement. In addition, the 14 ft. pavement section detail was revised indicating measurements from the edge of pavement, and a note was added to restrict milling through transverse joints.

**806.10H** *Sheet 3 of 7* - Provided a detail for sediment traps. Structures will need to be designed based on specific field conditions.
