

Design Standards Letter

Letter Number: P-2009-03

Letter Date: 05/04/2009

Effective Date: 06/01/2009

Section/Plan No.: SEE BELOW

Subject: Supplemental Revisions to the Missouri Standard Plans for Highway Construction

Body

The Supplemental Revisions to the *Missouri Standard Plans for Highway Construction*, effective June 1, 2009 are now available. These revisions will be in effect with the June 2009 bid opening.

Questions regarding the Supplemental Revisions to the *Missouri Standard Plans for Highway Construction* should be directed to Brian K. Williams, Central Office, Engineering Policy Group, at 573-751-9254 or myself at 573-751-3813.

REVISIONS:

607.11H *Sheet 1 of 1* – Modified dimensions of the Modified Type B Gutter to match the current width of the Type B Gutter found in standard plan 609.00

901.00Y *Sheet 4 of 4* – Deleted minimum installation torque requirement for screw anchor foundations.

901.01AF *Sheet 5 of 6* – Deleted minimum installation torque requirement for screw anchor foundations.

902.50L Corrected wire notations indicated on the loop slot detail. Modified the second general note to indicate loops not be placed in the surface course of asphaltic concrete. Updated note sizes and split drawing into two sheets

903.03BG *Sheet 8 of 11* – Modified the third paragraph, under the spacing table, to indicate yellow delineators should begin even with the GORE EXIT sign.
