

Design Standards Letter

Letter Number: S-2000-03

Letter Date: 04/06/2000

Effective Date: 07/01/2000

Section/Plan No.: S109.8.1, S203.7.3, S203.7.4, S207.3.2, S303.5.1.2, S401.3.5.2, S604.12, S902.4.5.4, S902.8.8, S1017.2, S1017.4.1, S1033, S1061.7

Subject: Revised Supplement to the Standard Specifications

Body

 Questions concerning the distribution of the revised Supplement to the Standard Specifications should be directed to General Headquarters, Design Standards Section, telephone numbers 573-526-2924 or 573-526-2903.

ITEM	DESCRIPTION OF REVISION
*NOTE	The following revisions are effective with the July 2000 bid opening.
Sec 109.8.1	Revised to clarify that the contractor and its surety remain liable to MHTC for discovery of overpayments and "Costs sustained" by reason of failure to fulfill any obligation under contract.
Secs 203.7.3 & 203.7.4	Revised to address payment of small quantities of Class C Excavation when a bid item for such work is not placed in the contract.
Sec 207.3.2	Revised to increase payment for Class C Excavation in Linear Grading limits.
Sec 303.5.1.2	Revised to increase payment for providing additional rock base material.
Sec 401.3.5.2	Revised to remove parameters for the ratio of minus No. 200 (75 mm) material to asphalt cement.
Sec 604.12	Revised to add Sec 1033 - Precast Drainage Units.
Sec 902.4.5.4	Revised to require two metal oxide varister (MOV) when detectors are specified.

ITEM	DESCRIPTION OF REVISION
Sec 902.8.8	Revised to remove measurement for junction boxes. No direct payment is made for this item, which is not a change in the specifications.
Sec 1017.2	Revised to add Grade 100 GGBFS as option.
Sec 1017.4.1	Revised to add Grade 100 to the certification statement.

Sec 1033	Revised the title and all references to the title to "Precast Drainage Units" to incorporate precast headwalls into the specification.
Sec 1061.7	Revised to adopt IMSA Specification No. 19-1.
