## **Body**

-----  
The MHTC General Special Provisions and Supplemental Specifications to 1999 Missouri Standard Specifications for Highway Construction, effective July 1, 2001 were distributed on March 29, 2001.

Within the Supplemental Specifications on page 36, Sec 109.7.3 should have been deleted. In addition, on page 12 of the General Special Provisions, Sections 4.2, 5.1, 5.2, and 5.3 under Certification of Blasters, have been revised. The MoDOT website and internal drives have been modified to reflect these changes. These corrections have also been incorporated into the contract documents.

Questions concerning the Supplemental Revisions to the Standard Specifications should be directed to Kirsten Munck, General Headquarters, Design Standards Section at 573-526-2919.
