

Design Standards Letter

Letter Number: **S-2006-02**

Letter Date: **03/24/2006**

Effective Date: **05/01/2006**

Section/Plan No.: **See Below**

Subject: **Revised Supplement to the Standard Specifications**

Body

The Supplemental Specifications to the 2004 Missouri Standard Specifications for Highway Construction, effective May 1, 2006 are now available.

Questions regarding the Supplemental Revisions to the Standard Specifications should be directed to Brian K. Williams, Central Office, Engineering Policy Group, at 573-751-9254 or me at 573-751-38713.

NOTE	EXPLANATION
1	The following revisions are effective with the May 2006 bid opening
SECTION	DESCRIPTION OF ERRATA CORRECTIONS
401.2.2	The section reference should read "Sec 1004"
401.4.2	Subsection (c) added in the April 2006 revisions should have been in addition to the existing subsections and all others re-lettered.
SECTION	DESCRIPTION OF SPECIFICATIONS REVISIONS
102.7.9	New section added to address subcontractor disclosures in bidding documents.
108.4.1	New section to address additions or substitutions by a contractor to their subcontractor disclosure form described in Sec 102.7.
205	Section description was changed to better reflect the work indicated in the section.
205.2.1	Additional options to be used for subgrade stabilization were added.
205.2.1.2	Amended the section to indicate the section refers to "chemical" modifying materials
205.2.2	Added a new section to cover applications of material other than chemical materials.
205.3.1.3	Amended the section to reference "chemical" modifying material

205.3.1.4	Amended the section to reference “chemical” modifying material
205.3.2	Added “chemical” modified references and added compaction requirements for non-chemical materials.
612.4.2.2	Amended to change sign sheeting for Type 1 object markers. Included the Type 3 object maker as a decal to be used.
