

Design Standards Letter

Letter Number: **S-2006-07**

Letter Date: **09/29/2006**

Effective Date: **11/01/2006**

Section/Plan No.: **SEE BELOW**

Subject: **Revised Supplement to the Standard Specifications**

Body

The Supplemental Specifications to the 2004 Missouri Standard Specifications for Highway Construction, effective November 1, 2006 are now available.

Questions regarding the Supplemental Revisions to the Standard Specifications should be directed to Brian K. Williams, Central Office, Engineering Policy Group, at 573-751-9254 or me at 573-751-3813.

| NOTE | EXPLANATION |
|----------------|---|
| 1 | <u>The following revisions are effective with the November 2006 bid opening</u> |
| SECTION | ERRATA REVISIONS |
| 613 | Section 613.10.2.9 was deleted to eliminate the conflict between the Standard Plans and the Specifications regarding sealing end joints of a pavement repair. The elimination of the sawing and sealing requirement was effective with the November 2005 bid opening. |
| 1046 | Section 1046.2, subsection (b) was modified to correct the ASTM Specification reference. |
| SECTION | DESCRIPTION OF REVISION |
| 617 | Section 617.20.4 was revised to allow for the use of two-loop style temporary traffic barrier, fabricated prior to January 1, 2004, even if the original MoDOT acceptance stamp is not legible. |
