

Design Standards Letter

Letter Number: S-2009-05

Letter Date: 08/28/2009

Effective Date: 10/01/2009

Section/Plan No.: SEE BELOW

Subject: Revised Supplement to the Standard Specifications

Body

The Supplemental Specifications to the *2004 Missouri Standard Specifications for Highway Construction*, effective October 1, 2009 are now available. These revisions will be in effect with the October 2009 bid opening.

Questions regarding the Supplemental Revisions to the Standard Specifications should be directed to Brian K. Williams, Central Office, Engineering Policy Group, at 573-751-9254 or myself at 573-751-3813.

MINOR REVISIONS:

Sec 502

Sec 502.6.1 – Revised this section to specify satisfactory equipment be provided to insure curing material will be uniformly mixed prior to application.

Sec 503

Sec503.3.3 – Added this new section to notify contractors that MoDOT will provide testing for aggregate base beneath the approach slab.

Sec 504

Sec 504.3– Amended this section to incorporate language notifying contractors that MoDOT will provide testing for aggregate base beneath the bridge approach pavement.

Sec 1010

Sec 1010.3.6 – Clarified the specification to indicate the appropriate testing material used by MoDOT's laboratory when testing durability in accordance with AASHTO T 104.

Sec 1091

Sec 1091.1.2 – Clarified the requirements for attaching caps and handhole covers to poles.

Sec 1092

Sec 1092.2.4.1 – Clarified the requirements for attaching caps and handhole covers to poles.

MAJOR REVISION:

1029

Sec 1029.6.2 – Modified subsection (c) to allow precast supplemental forms be constructed of material other than metal.
