For State Design Engineer

RE: STP 5700 (509) Downtown Streetscape – Sedalia, MO

Dear Ms. Steinman,

The City of Sedalia requests approval of a finding in the public interest to utilize Brandon Industries in regard to our stop sign hardware on the above referenced project.

The City of Sedalia requests this hardware to be utilized because it is essential for synchronization and the aesthetics associated with the Streetscape are critical to the scope of work and the purpose and need of the project.

Please let me know if you need additional information or have any questions.

Sincerely,

Devin Lake  
Public Works Project Manager  
City of Sedalia
