

CITY OF FLORISSANT

Honorable Thomas P. Schneider, Mayor

October 6, 2015

Missouri Department of Transportation
Attn: Tom McCloskey
1590 Woodlake Drive
Chesterfield, Missouri 63017

I do hereby certify that in accordance with the requirements of 23 CFR 635.411(a)(2), this patented or proprietary item is essential for synchronization with existing highway facilities.

Subject: Public Interest Finding Request
Project BRM-5595(616)
St. Anthony Lane over Fountain Creek Bridge Replacement
City of Florissant

State Design Engineer

Dear Mr. McCloskey:

We request an approval of a public interest finding for lighting fixtures on this project.

This project will add two decorative lighting poles and fixtures at the proposed bridge. The City wants to use the same pole and fixture style as used elsewhere in the City to achieve a cohesive look and also facilitate future maintenance by having a limited number of different light fixtures and bulbs. The selected pole and fixture is:

STERNBERG CLASSIC

HEAD: 8930LEDPT/XRLED-12L27T3-MDL14/CA/BK - HE

POLE - 3612T4/BK

There is no known equivalent to this style light pole and fixture. The City currently has this pole and fixture installed along Rue St. Francois between New Florissant Road and just west of Rue St. Charles.

We ask for your approval of this request at your earliest convenience. This project is scheduled for letting in early 2017.

Sincerely,

Timothy J. Barrett, PE, CFM
City Engineer
